

## **CLEARING YOUR CACHE**

### **Using Microsoft Internet Explorer 5.1 for Macintosh**

- 1) Click **Explorer** on the Internet Explorer toolbar
- 2) Click **Preferences** from the drop down menu
- 3) Under Web Browser, click **Advanced...**
- 4) Look for "**Cache**" and click "**Empty Now**".

Your mouse pointer may turn into an hourglass during the cleaning process, when it returns as a pointer, close out all pop-up screens. We recommend you re-boot your computer to completely clear the cache.
